

Islam: For All People

All Muslims are not Arab, Middle-Eastern or of African descent. Islam is a universal religion and way of life that includes followers from all races. There are Muslims in and from virtually every country in the world. Arabs only constitute about 20% of Muslims worldwide. The countries with the largest Muslim populations are not located in the Middle East. They are Indonesia (over 200 million Muslims) and Pakistan and India (over 350 million Muslims combined).
